## FOOTBALL OPENER TONIGHT

### Dedication of Memorial Stadium at 7:45 Will Precede Gridiron Game

One of the largest crowds ever to be assembled in Washington Township is expected at the high school tonight (Friday) when the Washington Memorial Stadium is officially dedicated.

"This stadium, equipped for night use, has been made possible through the combined efforts of residents of all the communities of Washington Township and is a lasting tribute to the men and women from this area who served in the armed forces during both World War I and World War II," Warren Gravestock, chairman of the Stadium Committee which headed the fund raising campaign, stated this week.

### FATHER O'MARA TO LECTURE AT CHURCH LUNCHEON

Mrs. W. L. McWhirter, president of the Altar Society of Holy Ghost Church, Centerville, has announced that a luncheon will be held at the International Kitchen on Wednesday, October 1.

The luncheon will bring together many of those of Washington Township who have labored zealously through 20 months of liturgical arts which surround the solemn ceremonies of the Roman Catholic Church.

The luncheon will be the occasion for displaying needlework in linens, silks, velvets, and damasks and a cloth of gold done by the Guild for the vestments of Sacrifice.

Father Cornelius O'Mara, illustrious Jesuit missionary and army chaplain, will lecture on the subject: "The Girl Whom Hitler Feared"—Theresa Neumann, the Catholic girl of world renown who carries in her body today the wounds of the nails and crown of thorns suffered by our Blessed Lord. Father O'Mara had the extraordinary privilege of two private interviews with this girl whose home has been a shrine of visiting priests, bishops, and cardinals of the Catholic world.

### VANDALS DAMAGE GRAVE MARKERS

The work of vandals in the Odd Fellows Cemetery in Irvington has resulted in an estimated \$2,000 damage to grave markers and tombstones, it was reported to local officers this week by R. J. Wright, Irvington, secretary of the Mission Peak I.O.O.F., which owns the cemetery.

Some 20 markers have been toppled from their bases and many of them broken beyond repair. Deputy Sheriff Robert Moore, who investigated the report Tuesday, found a broken shovel which had apparently been used as a lever to overturn the larger stone monuments. A few of the stones bore marks indicating that they had been targets for rifle practice.

### HUSKIES OPEN GRID SEASON TONIGHT AGAINST LIVERMORE

When Coach Jud Taylor's Washington Huskies take to the field tonight (Friday) in their 1947 gridiron opener against Livermore High, eight veterans of last year's varsity team will be included in the starting lineup, barring last minute injuries.

The backfield positions will all be filled with veterans of last year's squad with Roger Halliday slated to call the plays as quarterback; Andy Graber in the full-back spot; Ruben Rodriguez at left half and Joe Salvador at right half.

**STRONG LINE**  
The Huskies' forward wall will be strong in the center positions with Jerry Morley, center; Phil Enciso, left guard; Jim Herring, left tackle; and Don Goularte, right guard, returning from the 1946 squad.

Newcomers in the tentative starting line-up tonight who will be making their bids for permanent berths on the varsity eleven will be: Irv Alameda, left end; Gilbert Orezo, right end; and Fred Duffie, tackle.

Other gridsters who will be given an opportunity to perform tonight if possible are: Antone Souza, right halfback; McConigal, quarterback; Al Duraso, left half; Myron Tejada, right guard; Robert Lizarzo, left tackle; Frank Vargas, right half; Melvin Lewis, fullback; Ed Gurley, center; Joe Sankene, fullback; Roland Chivers, left tackle; John Recend, left half; Lloyd Auchard, left end; Jim Aguiar, left guard; Dave Bishop, left end; Don Pine, center; Don Andrade, left guard; Alex Morris, left end; John Meeker, right end; Don Brazil, left tackle; Jack Gaunt, center; Tom Gunn, right guard; Leslie Kious, quarter; Art Hughes, right tackle; John Sullivan, right end; Jerry Nunes, right guard; and Cliff Fields, right tackle.

**POWERFUL SQUAD**  
The Huskies ended their 1946 season in a third-place tie with Santa Clara in the S.C.V.A.L. competition and compiled a season record of five wins, 2 ties and 2 losses. Coach Taylor and Line Coach Clyde Voorhees are not making early season predictions but from the formidable roster of talent it can be reasonably assumed that the Huskies are out after the S.C.V.A.L. crown.

**INFANT SUCCUMBS**  
Henry Cotter, infant son of Mr. and Mrs. Labator Cotter, 3004 Castro Valley Blvd., Hayward, died Sunday in a San Jose hospital.

### MISSION CEMETERY IS BEING RESTORED

Miss Eda Beronio, who has been active in the restoration of the old cemetery near St. Joseph's Church, Mission San Jose, has called a public meeting of all interested parties, concerning the cemetery, to be held following the 9:30 a.m. mass Sunday.

The meeting will be held in the Rosarian Room of the Old Mission and all who have relatives interred in the old cemetery and all civic minded persons are requested to attend.

The work of restoring and caring for the cemetery was begun nearly a year ago by a group of ladies headed by Miss Beronio, assisted by Rev. John Leal, pastor of St. Joseph's.

At the meeting Sunday a complete report will be given as to what has been done, what is yet to be accomplished, and finances needed for carrying out this work.

### COUNTRY CLUB TO HEAR LECTURE BY WORLD TRAVELER

A woman who has had fascinating and thrilling experiences in foreign lands, who has traveled and lectured all over the world, will be the guest speaker at the next meeting of the Country Club of Washington Township to be held October 7.

This fascinating woman, born and educated in the United States, and married to the Dutch administrator of one of Java's greatest plantations, is Mrs. Wilda de Buy. Mrs. de Buy is one of the very few women to have been inside a sultan's harem—and to have been kidnapped and subsequently rescued in Shanghai's turbulent war zone.

She has traveled in China, Japan, Canada, and many countries on the continent. She lived in London during the "Battle of Britain."

Both British and American audiences have been enchanted by her expressive ability in the presentation of her material. Those who have arranged for Mrs. de Buy to be guest speaker at the club consider it a rare privilege for the club members to be able to hear this outstanding woman lecturer.

### UNITED STATES TODAY FOR ANGIE DE PONTE

Residents of Washington Township were stunned this week to learn of the sudden death of Mrs. Angie Mendonca De Ponte, 35, Newark, Tuesday in a San Jose hospital.

She was a native of Sunol but had made her home in Newark for the past several years and was well known throughout this area, serving as cashier at the Niles Garden Basket for the past year and a half.

She was the wife of Anthony De Ponte; mother of Mrs. James Caldwell of Irvington and John De Ponte of Newark; sister of Clara, John and Gertrude Mendonca, Mrs. William Shinn, San Francisco, Mrs. John Meyers, Daly City, Mrs. George Souza, Centerville, Mrs. Louis Rodrigues, Sunnyvale, and Mrs. Fred Walborn, Roseville; daughter of Mrs. Joseph Gardner.

Funeral services will be held at 9 a.m. today (Friday) from the parlors of the Berge Mortuary Company, Niles. Interment will be at Pleasanton.

### ALVARADO MAN STRUCK BY HIT-RUN DRIVER

Tony Pinto, 64, Alvarado, received head injuries Saturday evening in Hayward when he was struck by a hit-run driver while crossing the intersection of B and Castro streets.

The alertness of a young service station attendant who witnessed the accident led to the arrest of Maynard Marlow, 26, Oakland carpenter, who has been charged with driving the machine which struck Pinto.

### WILL BEGIN WORK ON NILES SANITARY ANNEX NEXT WEEK

Construction on the sewer system for the territory recently annexed to the Niles Sanitary District is expected to start early next week.

Contract for the project was awarded to D. J. Bressi of South San Francisco at a meeting of the directors of the district held on September 10.

The area to be served by the new system is bounded by Gregory avenue, and the Western Pacific railroad tracks north and west of the business district and includes the Pacific States Steel Corporation, Kraftite Company and California Nursery.

A spokesman for the directors stated Wednesday that construction is expected to begin on the pump house which will be erected on King avenue near the Western Pacific tracks.

Bressi expressed belief at the last meeting of the directors that the work could be completed and ready for use in approximately five months.

A bond issue of \$100,000 was recently voted by the residents of the annexed area to cover the cost of extending the Niles Sanitary District to include that area.

### 312 PRESENT AT KLATAWA RITES

One of the largest crowds ever to assemble in the I.O.O.F. Hall in Niles was present last Wednesday evening to witness the installation ceremonies of the new Pocahontas Council, Klatawa.

Following the ceremonies cake, ice cream, and coffee were served.

### BURGLARY TRIAL AT NILES TODAY

Lawrence E. McClellan, 25, and Elmer J. Maria, 28, both of Niles, entered pleas of not guilty to a burglary charge in Niles Justice Court before Judge E. A. Quaresma last Friday afternoon.

The two defendants, both free on \$500 bonds, are charged with burglarizing the Joy Cafe, taking a lot of more than \$50 in cash and a quantity of beer and brandy. They were ordered to appear today (Friday) at 3 p.m. for preliminary hearing.

Roscoe S. Webb, 44, also of Niles, a parolee from Folsom Prison and wanted here as a third party of the alleged burglary trial, is still at large.

### ANNUAL BALL

The 10th Annual Ball sponsored by the Newark Sportsmen's Club will be held Saturday evening at the Newark Pavilion.

### NILES SCOUT HUT DEDICATION SET FOR OCTOBER 6

The official dedication and "open house" of the newly completed Niles Scout Hut will be held Monday, October 6, beginning at 7 p.m., it was announced this week by Fred Duffie, Scout commissioner.

E. Dixon Bristow will serve as master of ceremonies and Don MacDougal, field commissioner for the Southern Scout District, will be the guest speaker. A court of honor for Niles Troops 1 and 2 will be held in conjunction with the ceremonies. The public is invited to attend.

The hut, which is located on the grounds of the Niles Grammar School, was recently purchased by the Board of Trustees of the school from the War Assets Administration.

It was trucked to its present site and the foundation and finishing of the building was made possible through the volunteer work and contributions of material and money by residents of the community.

The building is 20 feet by 48 feet and includes six individual lockers for the use of all the local troops for storage space, a toilet and two showers, and the large main meeting room.

The hut will be used by the two Boy Scout Troops, two Girl Scout Troops and the Cub and Brownie Scouts. If a summer recreation program is inaugurated at the school here the building will also be used in connection with that project, Duffie said.

Scouters present were Ray Andrade, leader of Troop 1; John Musgrove, leader of Troop 2; Fred Duffie, chairman of camping and activities; Aurelio Arias, committeeman; and Don McDougal, Scout executive.

Lamoreux remarked on the similarity of ideals and objectives of the Scout and Rotary organizations. In presenting the flags to the boys, E. Dixon Bristow emphasized the history of which the American flag is the symbol, remarking: "All of us are makers of our flag."

Scoutmaster Ray Andrade accepted the colors for the troop.

Entertainment included several songs by the boys, in both English and Spanish.

### WEEK-END THEFT AT LESLIE SALT COMPANY

Officers of the Leslie Salt Company plant in Newark reported to Deputy Sheriff Robert Moore this week that approximately 1000 feet of electrical wiring and a large fluorescent lighting fixture was stolen from a construction job at their plant over the week-end. Value on the stolen material was estimated to be \$300.

### THREE COMMUNITIES HERE EFFECTED BY GROCERY STRIKE

Housewives in Niles, Newark and Centerville ran into shopping difficulties this week in buying for the family table.

Monday morning, just when home food stocks were at their lowest ebb, signs reading, "Closed, Labor Trouble," blossomed out on all the grocery stores in Niles, with but one exception, and one of the leading stores in Centerville.

Tuesday morning the two groceries in Newark followed suit and failed to open their doors. Housewives, as confused as the majority of the grocery operators over the partial closing, wandered from store to store and town to town to do their shopping.

With an attitude, "We don't know what it's all about but we'll find out, maybe," some grocers went on a part time schedule Wednesday, opening for a few hours, either in the morning or afternoon.

The strike was called by the A.F.L. Retail Food Clerks Union Local 870, Alameda County, after they had failed to negotiate with the employers on their request for \$60 for clerks for 40 hours work; \$65 for head clerks; and \$80 for managers.

An offer of \$55 for clerks was made by the employers and rejected by the union.

Grocery stores in other communities of the township were not effected by the strike.

### MANUEL ALAMEDA TAKEN BY DEATH

Funeral services for Manuel Alameda, 55, Centerville, will be held at 9 a.m. today (Friday) from the parlors of the Chapel of the Palms followed by a requiem mass at Holy Ghost Church at 9:30 a.m.

He succumbed in an Alameda hospital Wednesday following a lengthy illness. He was a native of Centerville and was well known throughout Washington Township, having operated a grocery and filling station at the corner of Centerville-Irvington highway and Santos road for many years, retiring from business recently because of failing health.

He was the husband of Mary Alameda and father of William Alameda, Centerville.

Interment will be at Holy Sepulchre Cemetery.

### HELD TO ANSWER TO SUPERIOR COURT

James Carboyer, Centerville, was held to answer to Superior Court when he appeared before Judge E. A. Quaresma in Niles Justice Court last Friday on a charge of altering the amount of a check.

Mrs. George Ray, Centerville, testified that she gave a personal check to Carboyer on June 27 in the amount of \$9.02 for picking apricots. William Gong, Oakland, owner and operator of Centerville Food Market, testified that he cashed the check on that date for Carboyer signed by Mrs. Ray and made out in the amount of \$90.02.

# THE FOOD STORES STRIKE IS A STRIKE AGAINST YOU!

## An Open Letter To Our Customers and Neighbors in Alameda and Contra Costa Counties:

Officials of A. F. L. Retail Food Clerks Union Local 870 (Alameda County) and Local 1179 (Contra Costa County) have struck a majority of the food stores in these two counties.

Briefly, the union hopes to force employers to pay the following scale:

Clerks, \$60 for 40 hours. With overtime at time and one-half

for the sixth day, the weekly wage would be \$78.

Head clerks, \$65 for 40 hours. If 8 hours' overtime is worked, the weekly wage would be \$84.50

Managers, \$80 for 40 hours. If 8 hours' overtime is worked, the weekly wage would be \$104.

## FAIR OFFER MADE BY EMPLOYERS

We have offered the clerks \$55 for a 40-hour week, an advance of 10 per cent over the old contract. With possible overtime this means \$71.50 per week for the average clerk. It also represents a 35 per cent increase in wages since September 1, 1946.

We have offered to arbitrate the wage issue but the union's attorney and spokesman, James F. Galliano, has flatly refused to submit the question to an impartial arbiter. Further, he re-

fused to even submit the arbitration offer to the union membership—thereby admitting the weakness of the union's position.

As an alternative, we offered the union an escalator clause covering possible living cost increases, based on the Bureau of Labor Statistics' consumer price index. As a further alternative, we also agreed that if San Francisco food clerks should obtain a wage boost in December, we would meet the scale in Alameda and Contra Costa counties.

## IT'S TIME TO CALL A HALT

We don't have to tell housewives or breadwinners that food prices are high. We don't have to tell you that excessive wage demands bring about higher living costs.

We are protecting your interests as well as our own when we insist that the price line must be held by keeping wages within reasonable bounds.

## A SOUND POSITION versus POLITICS

We are confident that our position is both sound and fair. All of the major California cities are now paying a \$55 basic weekly wage for food clerks. There is absolutely no justification for a higher scale in Eastbay counties.

The union, through Mr. Galliano, is playing politics in an effort to gain a better deal than exists elsewhere in California.

The next move is up to the union. The employers are ready to resume negotiations any time Mr. Galliano is ready to talk common sense.

## PUBLIC INCONVENIENCE REGRETTED

We sincerely regret the inconvenience this unwarranted strike is causing the public. The union was well aware that a strike against any one store automatically meant a strike against all because we operate under an industry-wide contract. The union

has actually struck against you—the public, because you are the ones who must pay the costs of labor. We ask your support and understanding.

## RELIGIOUS TRAINING ON VOLUNTEER BASIS

At a meeting of the Irvington Release Time School Committee, held Saturday at the Irvington Community Church, it was voted to continue Protestant release time religious training for the children of the Irvington Grammar School despite the fact that other schools have discontinued the program until February, 1948.

Teachers who volunteered to carry out the program until it is reinstated in February were: Rev. Arthur Freeman, pastor of St. James Episcopal Church, Centerville, Mrs. V. E. Black and Mrs. R. A. Griffin, both of Irvington.

## IRVINGTON, DECOTO SCORE FIRST WINS IN LEAGUE PLAY

Two township teams playing in the Southern Alameda County Winter League last Sunday emerged victorious for their first wins of the season, Irvington downing Ramos Drugs 14 to 3 and Marlo of Decoto knocking over Niles 15 to 8.

Both teams are now in the middle bracket of league standings with a 500 percentage with one loss and one win each. The Niles loss dropped them into the cellar position with Golden State Fireworks with two losses in as many starts.

The Niles-Marlo affair was played on the Centerville diamond and each team was forced to use the services of two hurlers against the heavy hitting in the batting lineups.

The Irvington-Ramos encounter on the Irvington diamond was a see-saw affair until the eighth frame when the Mayermen opened a barrage that netted them nine runs.

Sunday the Irvington aggregation will be hosts to the Hayward All-Stars, league leaders; Niles will entertain Ashland at the Centerville diamond; and Marlo will be pitted against Hernandez Market at Bret Harte, Hayward.

One hundred and fifty were present last Friday at the dinner given for the president of the Rebekah Assembly of California, Florence B. Bonetto, who paid her official visit to the lodge. Other distinguished guests were present also.

The next regular meeting will be held on Friday, October 3. The lodge meeting will start promptly at 8 o'clock, according to Maggie Niell, noble grand.

## PREPARATIONS FOR WORLD SERIES MADE

Joe Adams, Centerville Ford dealer, has come up with a novel idea of presenting the play-by-play description of the coming World Series baseball playoff for local ball fans.

A specially designed miniature baseball diamond is being constructed to be placed on the side of the garage. By the use of a number system tags representing each of the players can be placed on the board, depicting each play as it is broadcast.

Loud speakers will be placed outside the building so that the fans can plainly hear the direct broadcast of each game. The sound equipment will be furnished by the Mercury Radio and Electrical Company of Decoto.

The sport fans will find plenty of room under the shade trees in the adjoining used car lot while listening to the broadcast and following it on the large board.

In keeping with the baseball theme Ed Beckway, an employee at the garage, has decorated the windows of the garage with comical drawings of ball players.

## TWO NILES STORES FINISH REMODELING

The business district of Niles took on a brighter appearance this week with the completion of the new home of Niles Electric at 780 First street, and the new front on Ora's Apparel Shop.

Workmen have completed remodeling the exterior of the large two-story building of the Niles Electric, leaving it a glistening white with an attractive modern front.

Mr. and Mrs. John Brahmst moved their business across the street into the recently purchased building early this spring and workmen have been completely renovating the structure since that time.

Ora's Apparel Shop now has a new green tile front with two large display windows and a modern entrance.

## HARVEST FESTIVAL SATURDAY, OCT. 4

Residents of the township are eagerly awaiting the Fall Festival and luncheon being given Saturday, October 4, at the Old Adobe at the California Nursery by the Toyon Branch of the Children's Hospital of the East Bay.

The luncheon — open to men, women and children — has been priced at only 75 cents, all the proceeds to go for the benefit of the hospital.

Mrs. Frank Fields has been named general chairman of the affair. In addition to the luncheon, the guests will have the opportunity of buying home-cooked foods at a food booth. Entertainment, the nature of which is still unknown, is also promised.

## DECOTO BOY HELD FOR CHECK FORGERY

A 17-year-old Decoto boy was picked up by local officers Wednesday after he is alleged to have forged a name on the back of a \$40 county welfare check and cashed it at a Decoto grocery store. He has been turned over to juvenile authorities for investigation.

## FAN MAIL

Being secretary to a horse may not be one of the most glamorous positions in the world, but to Elsie, down at the Peerless Grill in Niles, who performs in this secretarial capacity, it is certainly an interesting occupation.

Elsie, you see, sorts out the fan mail that arrives for her horse, Don o' War. Don o' War is a veteran on the race track. He has his quota of fan mail. And to Elsie falls the task of taking care of this equine correspondence. No secretary to any of the Hollywood stars could be more thrilled than is Elsie when Don o' War gets a fan letter.

## A JOLT

Life has a way of leveling off things. When we begin to feel pretty smug and satisfied with ourselves, something happens to jolt us out of our self-satisfied complacency.

I had that jolt this week.

A news story was phoned in. The person on the other end of the wire spelled out several words — more or less commonplace words — to me. Inwardly I was seething. "So they think I'm a dope! So they think I can't spell!" I thought.

The thing stayed with me long after I had hung up the receiver, until finally, realizing that my pride had been hurt, I decided that it was a good thing it had happened. I had been going along in blissful ignorance, taking it for granted that everyone thought I was as smart as I thought I was! I had been in a nice, comfortable rut — a rut of smugness.

It was high time I had that jolt!

## OPERA-ITIS

Mr. L. Bonturi (better known as "Gink") of Niles attended a performance of "Rigoletto" in San Jose last Saturday night. Mr. Bonturi didn't like the way Lawrence Tibbett sang Italian. "His Italian is just about as good as my English," said the disappointed opera-goer.

I don't know about Mr. Tibbett's Italian, but I do know that I was disappointed in him as Rigoletto. I know it's the thing to do to say he was wonderful, but I didn't think so. His wig was atrocious. He wasn't — as the highbrows like to say — "in voice," and he indulged too heavily in theatrics. Frankly, I thought of sending a note backstage asking him to call the whole thing off and just come out and sing good old "Shortnin' Bread."

Jan Pearce, who was also in the opera, has, of course, a superb voice. But in those tight he wears in the opera, you can enjoy his singing much better if you don't look at him.

For all these sentiments on the

## IRVINGTON P.T.A. SEEKS ADULT CLASS

At the initial meeting of the Irvington P.T.A. for the 1947-48 school year, held Monday evening, the members requested the sponsorship of a parental education series of lectures on Child Guidance, as a part of the Washington Evening School.

Warren Gravestock, principal of the evening school, stated this week that the class would be added to the school if an instructor can be found. He pointed out that the Irvington group requested that the topic be offered last year but the school was unable to supply an instructor.

Mrs. Al Peixoto, president of the P.T.A., presided at Monday's meeting and introduced the teachers and officers. Miss Sandorf, program chairman, outlined the year's activities and projects and received the vote of approval of the members. Mrs. Belding, cafeteria supervisor, reported that a total of 250 pupils are now eating daily at the school cafeteria.

Mrs. Jake Turnbow was hostess at refreshments which were served following the business meeting. A short executive board meeting was held at the close of the regular membership meeting.

The next regular meeting of the group will be held on October 2 for a discussion of the annual Halloween party.

## BROWNIE LEADERS COURSE OFFERED

A training course for women interested in becoming Brownie leaders will be offered in Niles, the first class to be held in the Niles Scout Quonset Hut, on the school grounds, Wednesday, October 1, from 9:30 to 11:30, according to an announcement this week.

Those who are interested in this course, which is designed to train leaders so that Brownie (Younger Girl Scouts) troops may be started in the township, are invited to report at this first meeting, at which time the training course will be outlined.

There are no specific qualifications other than a desire on the part of the women to work with younger girls.

The State Agricultural Society was chartered by the Legislature on May 13, 1854.

The first fall meeting of the Niles P.T.A. next Wednesday afternoon will forego the usual business procedure and will devote the whole time to a get-acquainted and social hour, for the purpose of welcoming new members and renewing contacts with the old.

## A WESTERNER IN WASHINGTON

By ALLEN DRURY

### DID SOMEBODY SAY MALONE?

Republicans, who think they have a good chance to win the Presidency next year, are spending all their time and energy on the indoor sport of guessing who the nominee will be. They are doing this so busily that they are virtually forgetting the fact that they also have to nominate a vice-president.

So far nobody has been talked of for this second-spot job; everybody mentioned wants to be No. 1 Boy. It is a situation made to order for some quiet, persistent, ambitious soul and at least one Westerner, Nevada's son, George Malone, is believed to have his eye on it.

Malone, who came to the Senate in January after a distinguished career as a civil engineer and expert on Western water problems, has been extraordinarily active for a new man. His activity has been of the kind which is generally classified as "campaign activity"—that is, activity which seems to be undertaken with a long eye on the future.

Given the probability that the Republicans, like the Democrats, will be looking for a Westerner to balance the ticket, the idea of Malone for vice-president is not so fantastic as it may at first appear to those who, having watched him in action since January, are inclined to dismiss the whole thing with a skeptical snort.

Malone is a low-voiced, quiet, solid-looking man of 56 who is a former Nevada state engineer and member of the Colorado River Commission, a member of the American Society of Civil Engineers and a former national vice-commander of the American Legion. He lead the floor fight in the recent New York Legion convention to place the Legion on record as favoring "business-like" restrictions on the Marshall Plan. He voted against the Greek-Turkish loan. He has gone right down the line on domestic issues the way the Republican leadership wanted good Republicans to go. He will sponsor and accompany Bob Taft's visit to Nevada. And he voted against the labor bill.

Stranger things have happened in politics, an interesting pastime in which a fixed idea and a patient persistence over the long haul sometimes produce for more concrete results than the most obvious merit which people are accustomed to associate with ability.

### Hawaiian Romance Culminates in Wedding

A romance that began in the Hawaiian Islands culminated this week in the marriage of Miss Edith Benjamin, Centerville, to Mr. Edward Manner of Waterbury, Connecticut.

The ceremony was performed at St. James Episcopal Church, Centerville, with the Rev. Arthur Freeman officiating.

The bride, local beauty shop owner, was given in marriage by her brother-in-law, Mr. Maxwell Stevenson of Centerville. She wore a dawn blue afternoon frock, with gray accessories. Her corsage was of red rose buds, and, as a marker for the white satin Bible she carried, was a rose given to her by the bridegroom several years ago in Hawaii. The Bible was given to her by Mrs. Helen St. Clair.

The bride's sister, Mrs. Maxwell Stevenson, was her only attendant. Mrs. Stevenson was attired in an amethyst-colored afternoon frock and black accessories.

Mr. Maxwell Stevenson acted as best man, and Mr. Jack Stevenson was the organist, playing Lohengrin's Wedding March.

The new Mrs. Manner is the daughter of the late Mr. and Mrs. William O. Benjamin of Portland, Oregon.

Mr. Manner, the son of Mrs. Martin Manner of Waterbury, is completing his last year at the Golden Gate Law School in San Francisco. Upon the completion of his course, he and his bride will visit his relatives in Connecticut, to return to California to make their permanent home.

### MRS. TRUMAN GIVES INSPIRED BOOK REVIEW BEFORE ART SECTION MEMBERS

For almost two hours last Wednesday evening, members and guests of the Arts Appreciation Section of the County Club of Washington Township, assembled at the home of Mrs. Dora May Scudder in Niles, were transported from the ordinary every-day world in which they live to a world of horror, of intrigue, of torture and of death.

For almost two hours these women, accustomed to the comparative luxuries of women living the life of middle class American housewives, experienced life in a Japanese prison camp. They suffered, vicariously, the pangs of hunger, the deprivations, the brutalities, the parting from loved ones, and the atrocities dealt out during the war by the Japanese to the American prisoners.

The experience—so real because of Mrs. Lloyd Truman's inspired and stirring interpretation of the book, "Three Came Back" by Agnes Newton Keith, which dealt with the author's almost unbelievable experiences as a war prisoner—left some of the women with what was tantamount to an emotional hangover.

It was agreed by all those present that were more people to read more books like the above—or, better yet, have them reviewed by someone with the ability, as Mrs. Truman has, of emphasizing the author's between-the-lines feeling of the futility of war, of hand-

ling the grossness of the tortures with such delicacy, yet, at the same time, with such forcefulness—that war, at least in this country, would have far less chance of again inflicting itself on an unwilling people.

The women who heard Mrs. Truman's review were aware that they had been exposed to the creative abilities of two artists: that of the author who undoubtedly has written one of the finest books to come out of the war; and that of the reviewer, who has the power to bring the characters of a book to life.

At the close of the review, Mrs. Truman assisted her mother, Mrs. Scudder, in serving refreshments.

Present at the meeting were: Mes. Loren Marriott, Roland Bendel, A. W. Gorman, L. R. Bateman, W. F. Lamoreux, E. P. Mackintosh, Harvey Granger, Jack Rees, Dwight Thornburg, Robert Whipple, John Whipple, Walter Connolly, Tom Robbins, E. H. Hirsch, L. S. Williams, Howard Overacker, T. H. Elliott, Ray Barnum, and Miss Eda Beronio.

Mrs. Rees, chairman of the group, announced at the meeting that she would have to resign because of her intended move to Hayward. She appointed a nominating committee.

The next meeting will be held at the home of Mrs. Howard Overacker. The book to be discussed will be "Gentleman's Agreement" by Laura Hobson.

## INTERESTING PROGRAM

A very interesting program was presented for the Students of Washington Union High School last Thursday afternoon at 12:45. The show was sponsored by General Motors. It showed the wonderful advancements that have been made in science in the past seventy or one hundred years. First, from just a few chemicals, they made the type of rubber that was used in the world war. Then they compared an exact copy of the first electric light with one of the latest developments in lights. It was less than an inch in length, but when turned on it lit the entire high school auditorium. A record was made on a duplicate of the first phonograph and then on one of the very latest to show how far science has come with sound in the past seventy years. Among the other things was the motor of a jet plane. They explained how it operated and demonstrated on a model airplane. All of the students agreed it was one of the most interesting programs ever presented there.

New ways  
the telephone can  
reach remote areas

Radio telephone allows your voice to "ride the beam" into Death Valley, across the channel to Catalina Island . . . to Mount Hood . . . between Marysville and Redding. With transmitters like this one we can span sea or desert by radio and your voice sounds exactly as though it were coming over a telephone wire.

Power-line carrier is another new device which makes telephone communications possible in remote, sparsely settled districts. Your voice "hitch-hikes" along existing power lines on radio waves that are tuned to follow the wires. Several power-line systems are now used on the Pacific Coast . . . and they're as safe and effective to use as any.

These developments are dramatic. . . but most of our expansion program must be pushed with "everyday" things like this post-hole digger . . . wires and cables and switchboards. Our construction program of \$200,000,000 this year brings us closer to our goal: the finest telephone service for the West.

It all started when she spotted a good sized buck and shot it through the neck. The animal, believed to be dead, was tossed into the back of her jeep and taken into town. While members of the hunting party were comparing notes, the buck revived, leaped out of the jeep and dashed through the business district with dogs and hunters after him.

The animal's flight for freedom ended when it was struck by a car. Mrs. Cary arrived on the scene, claimed it, threw it into her jeep for the second time and drove back to her cabin.

Grape cuttings were planted at San Diego as early as 1781.

There's No Substitute for the PATENTED **EVERSMAN** ECCENTRIC AXLE

For Perfect **LAND LEVELING** and **SEED BED PREPARATION**

Model 9

Model 25—Width 12'10", length 32', cutting blade length 9'3", depth 16", requiring 38 H.P. (drawbar).

Model 12—Width 12', length 21', cutting blade length 9'3", depth 16", 3 plow tractor. Model 9 shown at top of page slightly smaller for 2 plow tractor.

Model 35—Larger, longer, more dirt capacity than Model 25. Both 25 and 35 have main frame spliced for converting in field to maneuverable dirt mover.

The only leveler with patented crank axle that moves the blade up and down in the frame as it goes across the field—when wheels go on high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill. It mulches the soil, breaks clods, forms a finely pulverized seed bed as the machine moves along.

Also excellent **DIRT MOVER**. Patented wheel lift raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish. Here's a 3 purpose machine for dirt moving, leveling and seed bed preparation...a machine you'll need year after year. One inexperienced man and your present tractor operates it.

Get your **DIRT MOVING** done this FALL and have the same machine for finish leveling and seed bed preparation in the SPRING.
